Albert Corona's passion for serving seniors began early in life, volunteering alongside his grandparents at their local church. Whether mowing lawns, cleaning homes, or sharing meals, he witnessed how small acts of kindness could significantly impact the lives of older adults—an experience that laid the foundation for his lifelong commitment to senior care.

With over two decades of experience in the healthcare industry, Albert has developed a deep understanding of the needs of vulnerable populations. His professional journey has included working with children in CPS custody, serving in a psychiatric hospital, transitioning to skilled nursing facilities (SNFs), and ultimately finding his calling as a Senior Placement Advisor. In this role, he collaborates closely with hospitals, discharge planners, and social service departments to ensure seniors receive compassionate, informed support during critical transitions.

Faith is central to Albert's life, guiding both his personal and professional decisions. He values time with his family—he is the proud father of three adult children and a new grandfather. Each year, they continue a family tradition of visiting a new Major League Baseball stadium together, creating lasting memories and strengthening their bond.
