Mary Harrison is a dedicated Patient Care Liaison with Signature Health Services, where she has served for over six years. Covering a broad region that stretches from Willis to Lake Jackson and Katy to Beaumont, Mary plays an essential role in connecting patients and families with the compassionate home health services they need.

With a lifelong passion for helping others and making a difference, Mary brings a personal touch to her work in senior care. Before entering the healthcare field, she owned and operated her own hair salon in Mississippi for more than 20 years. During that time, she also worked with leading professional hair color brands such as Schwarzkopf and Redken, gaining valuable experience in client relationships, communication, and service excellence.

After relocating to Texas with her family, Mary discovered her calling in healthcare, where she could combine her love for people with her desire to make a meaningful impact. Her approachable nature and genuine compassion allow her to build lasting relationships with patients, caregivers, and healthcare professionals alike.

Outside of work, Mary enjoys spending time in her garden, nurturing her flowers, and baking for friends and family—especially for the joy it brings to others. Her kindness, dedication, and servant's heart shine through in everything she does, both personally and professionally.
