Amy Goss is a REALTOR® and Senior Real Estate Specialist (SRES) with RE/MAX Universal, where she is dedicated to helping seniors navigate life transitions with confidence and care. Her passion for senior services began when her mother underwent treatment for multiple myeloma and was unaware of the many resources available to her. Inspired by this experience, Amy has made it her mission to guide seniors through selling their homes, downsizing, relocating, estate sales, insurance, and home care—connecting them with trusted professionals and services every step of the way.

With over 30 years of experience in retail before transitioning into real estate, Amy brings a strong background in client service, integrity, and relationship-building. She believes her work is a calling—helping seniors find peace of mind and trusted support during important life changes.

Outside of her career, Amy loves traveling to new places, learning new things, and giving back to the senior community. She donates handmade baskets, hosts activities such as bingo and dancing, and stays actively involved with local senior centers—always finding ways to bring joy and connection to the people she serves.
